

9th January 2009

Dear Parents,

Today I have received notification from the police that a man in a black car has been approaching girls and telling them that he has been asked by their mother to pick them up and take them home.

This is obviously a concern. Can I ask all parents to remind their children about staying safe and not to accept a lift from a stranger under any circumstances.

If anyone is approached this should be reported to the police immediately.

Yours sincerely,

Anne Stokes
Headteacher
