

3<sup>rd</sup> July 2009

Dear Parents,

**Swine Flu**

I am sure that many of you will have seen the latest news concerning the latest predictions on the spread of swine flu. The Health Protection Agency has also announced that they will be no longer contacting schools to inform them of confirmed cases.

In order to prevent unnecessary spread of this flu I am writing to ask that if your child is unwell that you keep them home from school.

The Government and Health Protection Agency have made it very clear that school closure is now highly unlikely. I think all we can do is to take reasonable steps to help prevent the spread of this infection. Your help in doing this will be much appreciated.

With best wishes,

Yours sincerely,

Anne Stokes
