

“You can travel the seas, poles and deserts and see nothing. To really understand the world, you need to get under the skin of the people and places. In other words, learn about geography. I can’t imagine a subject more relevant in schools. We’d all be lost without it.”
Michael Palin

Subject Head: Esme Batchelor

Contact: ebatchelor@farmors.gloucs.sch.uk

Geography at Farmor’s is all about inspiring our students to be curious about the world around us. It is about the understanding of the Human and Physical elements of the world and learning about the cultures that make up our incredible planet. We do this through a varied curriculum, fieldwork and trips and passionate and engaging teaching. We pride ourselves on our love of our subject and hope that this encourages our students to take a keen interest in Geography both in school and in their everyday lives.

We aim to equip our students with knowledge about diverse places, people, resources and natural and human environments, together with a deep understanding of the Earth’s key physical and human processes. As our students progress, their growing knowledge about the world should help them to deepen their understanding of the interaction between physical and human processes, and of the formation and use of landscapes and environments. Geographical knowledge, understanding and skills provide the framework and approaches that explain how the Earth’s features at different scales are shaped, interconnected and change over time’.

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
Year 7 Fieldwork: Rivers and settlement	Citizen of the World	Mad about Maps	Population	Flooding in the UK and Bangladesh	Japan	Settlement
Year 8 Fieldwork: Living Rainforest	Development	Brazil and Tropical Rainforest	Fantastic Places	Coasts	Weather and Climate	Trade and Aid
Year 9	Earthquakes, Plate Tectonics and Violent Volcanoes	Globalisation	Tourism	World Ecosystems and Antarctica	Climate Change/Fieldwork Investigation	Geography of Crime

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
Year 10	Natural Hazards - Tectonics	Natural Hazards - Weather	The Changing Economic World	Physical Landscapes (including fieldwork)	The Challenge of Resource Management	Energy
Year 11	The Living World – ecosystems/ tropical rainforests/hot deserts	Urban Issues and Challenges	Urban Issues and Challenges (Including fieldwork)	Glacial Landscapes	Glacial Landscapes Revision	Exams

GCSE exam board: AQA

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
Year 12	Water and Carbon Cycles (P) Population and Environment (H)	Water and Carbon Cycles (P) Population and Environment (H)	Coastal Systems and Landscapes (P) Global Systems and Governance (H)	Coastal Systems and Landscapes (P) Global Systems and Governance (H)	Fieldwork Prep (both) - Pembrokeshire Trip	Fieldwork Prep and write up (both)
Year 13	Complete fieldwork investigation (both)	Hazards (P) Changing Places (H) - Fairford Trip	Hazards (P) Changing Places (H)	General Revision and Skills Practice	Revision	Exams

A level exam board: AQA
