BOOK OUR 2 WEEK TRIAL

Performing arts can reduce stress, boost self-esteem, and encourage face-to-face connection in a screen-heavy world. "The most rewarding part of this role," says James, "is seeing children and adults grow in confidence, especially those who never thought they could."

The 10th birthday celebrations continue throughout the year, including performing three groups performing in London's West End, a super special workshop with a lead dancer from the movie Wicked, and our beloved Family Performance Picnic at National Trust Buscot Park.

STAGECOACH FARINGDON

BOOK OUR 2 WEEK TRIAL

This academic year marks an exciting milestone for Stagecoach Performing Arts in Faringdon: ten years of inspiring local children, young people, and now adults through the magic of the performing arts. Founded to give every child the chance to sing, dance and act in a supportive environment, Stagecoach has grown into a creative hub for the community. From toddlers taking their first steps on stage to teenagers preparing for the wider world, students develop not only performance skills but also confidence, resilience and teamwork.

Principal James reflects: "Without question, the most rewarding chapter of my career has been the work we've done here in the heart of Faringdon.

As the only Ofsted-registered performing arts school in the area, a big part of the ethos is inclusivity. Stagecoach accepts Tax-Free Childcare, Childcare Vouchers, and in some cases Universal Credit, alongside flexible payment plans, helping ensure that every child who loves performing has the chance to take part.
