

June 2026

Dear Parents and Carers,

We are writing to inform you of a change to the leadership of Year 11 for this coming September.

As of September, Mrs Lindsay will be taking on the role of Head of Mathematics. This is an exciting opportunity and a reflection of her expertise and commitment to our school community. Mrs Lindsay has thoroughly enjoyed supporting Year 10 students and their families as Head of Year and would like to thank you for the support and partnership shown during her time in the role.

At the same time, Dr Bettington will be taking over as Head of Year 11. Many students and families already know Dr Bettington through her role as Head of Science and, more recently, as Assistant Headteacher. She is very much looking forward to working closely with Year 11 students as they continue their journey towards their GCSE examinations.

Year 11 is a crucial stage in students' educational journey, and together we are committed to ensuring that every student receives the academic and pastoral support they need to achieve their full potential and move confidently into their chosen post-16 pathway.

Over the coming weeks, we will be working closely together to ensure a smooth transition and continuity of support for all students. Dr Bettington is looking forward to meeting you in early September at the Year 11 Information Evening.

Thank you for your continued support.

Yours sincerely,

Mrs Stephanie Lindsay  
Head of Year 10 / Head of Mathematics (from September)

Dr Sylvia Bettington  
Assistant Headteacher / Head of Year 11 (from September)
