

THE LIBRARY

17.4.26

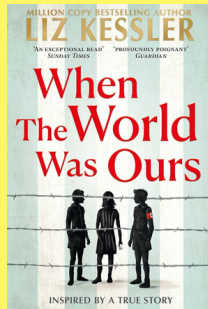

Welcome back! At the start of the school year, I set a collective target for us to read 3,000 library books. We are almost there; keep it up! The Holocaust Memorial Day books we won from the National Literacy Trust have been catalogued and are ready to be borrowed. A gentle reminder that the school library is a shared space, available to all in our school community. It's very important to return overdue books so that others have the opportunity to borrow them.
