

Parent Bulletin Week Commencing 9th May - Week B

Annual Parent survey: Please find below a link to this year's parent survey. I would be grateful if you could complete this by Monday 16th May (a change to the date given previously).

The survey uses a consistent bank of questions so that we can gauge parent, student, staff and governor views over time. Your views are very important to the senior leadership team in determining where we need to focus our attention and the priorities for development.

The survey is administered on our behalf by a private company, QDP, and results are anonymous. The questions about your personal characteristics are asked to ensure we have a representative sample of parents, however you are not required to provide this information if you do not wish to.
