

## Student Librarian Application, Parent/Guardian Consent

Dear Parent/Carer,

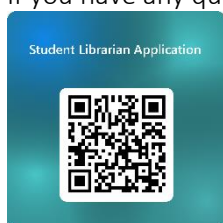

Your child has shown an interest in becoming a pupil librarian and has requested an application form. To process their application, we need your permission.

To apply, your child needs to complete the online application form which can be found: [here](#). Or by scanning the below QR code. Once the permission slip below and completed application form have been returned, we will shortlist and interview the prospective candidates. Those successful at the interview stage will complete a 4 week trial period working in the library. We ask that student can commit to helping in the library at least once per week.

Once this training is complete your child will join the library team working on a rota basis in the library each week and will be encouraged to become involved in several activities such as decorating the library, serving library users, shelving books, helping at events. This is an excellent opportunity for your child to gain important workplace skills.

Student librarian roles are very popular and we have limited capacity. If your child's application is not successful initially, we will reconsider their application as vacancies arise throughout the year. I would be grateful if you could sign and return the slip below if you are happy for your child to apply.

If you have any queries or need more information, please do not hesitate to contact me at the school.

Yours sincerely,

Mrs Barker-Harrold

Librarian

-----

I am happy for my child to apply for a post as pupil library assistant.
